Always A Need... Always Appreciated...

We are always in need of supplies to take care of our animals. The Beta Club at the Washington Wilkes Middle School had a fundraiser to help with our food supply! We received over 1,000 pounds of dog and cat food and also some cat litter and blankets! It is so appreciated and greatly needed. When we don't have to spend donated money on food and supplies we can use that money to help MORE animals in need! Medical expenses for some of our dire cases can drain our funding and leave us with no choice but to turn away animals we want to help. For those who have donated and continue to do so we can't thank you enough!!!

Beta Club Reporter Phillip Villagorda presenting Sharon Esparza with cat food and Beta Club President Trix Sunga presenting Leah Stevens with a bag of dog food.

Happy Ever After!! The Endings We Cherish

Bonnie came to WW DAWGS from the Madison Oglethorpe Animal Shelter at the beginning of 2018. She had been turned in as a stray with her puppy. Her puppy was scooped up quickly and Bonnie was left alone. She contracted heartworms while out living the stray life which put her in grave danger. The shelter was full and Bonnie was next on the euthanasia list. If any other animals came in they would have no choice but to euthanize. We had met Bonnie a few weeks before and when we got the phone call that she was next we couldn't leave her to die. We pulled her into our rescue and prepared her for her heartworm treatment. Once treated and fully vetted, she was off to adoption weekends! She got adopted by a couple with a young daughter who Bonnie adored. We thought she had found her perfect fit but the family decided they weren't being fair to Bonnie and contacted us to find her another home where she could get all the attention

she deserved and so eagerly wanted. Bonnie came back and was doing the adoption thing again when one of our volunteers (who had been fostering Bonnie), had a friend looking for the perfect companion. Starling had been looking for a dog to spend his days with due to his diagnosis with MS

years before. He needed a dog that would be okay with a wheelchair and would be laid back and calm. We just knew Bonnie was his girl! We set up a meeting and it was love at first site for the both of them! And as you can see...she has made herself right at home!

Need Some Lovin'?

Nuggie became a WW DAWGS earlier in 2018. His foster mom fell in love with him and couldn't see life without him! Now he has his own job and loves it! He goes around Wilkes County and visits with the elderly. If you know of someone who

loves animals

and no longer is able to care for or have them, Nuggie would love to come visit and share the love! Just contact WW DAWGS and we would love to bring him on by!
